SECTION 1 - IDENTIFICATION

Trade Name: BRITE-n-EZ® TPO Seam Tape

Product Item #: TST3100 - TPO Seam Tape 3"x100' rolls

Relevant Uses: Low Slope TPO roofing membrane projects.

Details of Supplier of SDS:

Water Tight Technologies, LLC
P.O. Box 899, Payson, AZ 85547
888-649-1020

Emergency Telephone Number: CHEMTREC – US: 800-424-9300; International: 703-527-3887

SECTION 2 – HAZARDS IDENTIFICATION

NFPA Rating (0=Least Severe and 4= Most Severe): Health 0; Fire 0; Reactivity 0

Label Elements: No label elements required.

No Hazard Statement or Precautionary Statements are required.

Under US regulations (29 CFR 1910.1200 – Hazard Communication Standard) this product is exempt as a finished article under stated normal conditions of use.

SECTION 3 – COMPOSITION AND INFORMATION ON HAZARDOUS INGREDIENTS

Chemical characterization: Proprietary mixture of non-hazardous materials.

Description: Under US regulations (29 CFR 1910.1200 – Hazard Communication Standard) this product is exempt as an article under stated normal conditions of use.

Dangerous Components: None

SECTION 4 – FIRST-AID MEASURES

General Information: First aid is not expected to be necessary if material is used under ordinary conditions and as recommended.

After Inhalation: First aid is not expected to be necessary if material is used under ordinary conditions and as recommended.

After Skin Contact: First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. Wash with soap and water.

After Eye Contact: First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. Flush with water.

After Swallowing: Get medical attention.

SECTION 5 – FIRE-FIGHTING MEASURES

Suitable extinguishing agents: Water, foam, dry chemical, fog & carbon dioxide (CO₂).

Advice for Firefighters: Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full face piece operated in pressure-demand or positive pressure mode. Remove product from area of fire, stay upwind and keep out of low areas.

Combustible Products: Toxic gases or vapors, such as oxides of carbon monoxide and sulfur trace amounts of aromatic and aliphatic hydrocarbon, aldehydes, fumes & smoke.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Personal precautions: No special precautions expected to be necessary if material is used under ordinary conditions and as recommended.

Environmental Precautions: Follow applicable OSHA regulations 1910.120.

Methods and Materials for containment and cleaning up: Pick up pieces and place in container or bag for disposal in accordance with all applicable regulations.

Refer to other sections:

See Section 7 for information on safe handling.

See Section 8 for information on personal protection.

See Section 13 for disposal information.

SECTION 7 – HANDLING AND STORAGE

Handling: Use good safety and industrial hygiene practices, suggested to wear protective gloves. Wash hands after handling. Keep Out of the Reach of Children.

Information about protection against explosion and fires: No additional information required.

Storage: Store in a cool, dry, well-ventilated location.

SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

Components with limit values that require monitoring at the workplace: No exposure limits/guidelines are available for this material or the components; however, there should always be adequate ventilation.

General protective and hygienic measures: Work boots and clothing are recommended. Use good safety and industrial hygiene practices.

Respiratory protection: None required.

Protection of hands: Wear protective gloves.

Eye protection: Sunglasses which filter out ultraviolet light are strongly recommended since the white surface is highly reflective to sunlight.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Form: Solid
Color: White

Specific Gravity: varies

Solubility in/Miscibility with Water: Insoluble.

Flammable Limits:

Lower: Not relevant
Upper: Not relevant

Water Tight Technologies, LLC
P.O. Box 899
Payson, AZ 85547

SECTION 10 – STABILITY AND REACTIVITY

General: No dangerous reactions known under normal use. Stable under normal temperatures and pressures. Avoid flames or sparks.

Possibility of hazardous reactions: hazardous polymerization will not occur.

Hazardous decomposition products: Thermal decomposition could produce toxic gases or vapors such as carbon monoxide, carbon dioxide or oxides of nitrogen.

SECTION 11 – TOXICOLOGICAL INFORMATION

This material is an article that does not release or otherwise result in exposure to a hazardous chemical under normal use. The information provided below is for components only and not expected to be applicable to material as a whole.

Acute toxicity: Not relevant.

Primary irritant effects: Under normal conditions of use, no health effects are expected.

SECTION 12 – ECOLOGICAL INFORMATION

Ecotoxic effects: Material lacking data.

Other adverse effects:

No further relevant information available.

SECTION 13 – DISPOSAL CONSIDERATIONS

Waste treatment methods:

Dispose of material and packaging in accordance with local, regional, national and/or international regulations.

SECTION 14 – TRANSPORTATION INFORMATION

Product is not regulated for transportation purposes.

SECTION 15 – REGULATORY INFORMATION

CERCLA Reportable Quantity: None

SARA Title III:

Section 311: No ingredients listed

Section 312: No ingredients listed

TSCA (Toxic Substances Control Act): All components of this product are exempt from TSCA inventory requirements.

Warning: This product contains a chemical know to the State of California to cause cancer.

Chemical safety assessment: A chemical safety assessment has not been carried out.
